

October 20, 2022

Dear Client,

You may have received a bill from St. Vincent Health for behavioral health services that was out-of-network or different than you expected. We communicated in a previous letter that we put all bills on hold while we reprocess them.

I am writing today to inform you that St. Vincent Health will not be reprocessing the bills for TriCare insurance coverage. TriCare remains out-of-network and will not pay the St. Vincent Health claims. Therefore, you have a \$0 balance for your Behavioral Health Services at St. Vincent Health. No payment is due.

We wish you the best in your future care. Thank you for your patience.

Sincerely,

Willie Ray

Revenue Cycle Director
